Three Steps to a Flawless Installation

OUR TRANSPARENT PROCESS

1

PROJECT REVIEW

You may email us your appliance list, model numbers, and basic project details...address, timeline, appliances onsite or need delivery, etc.

We'll review the project and provide upfront ballpark pricing before scheduling a Pre-Installation Site Visit. Or feel free to download our current price to get an idea. Please contact us for Gaggenau appliance installation

2

PRE-INSTALLATION SITE VISIT — \$150

50% credited toward installation, we perform a detailed site inspection to verify:

- Appliance cutouts & cabinet dimensions
- Plumbing & water connections
- Electrical & gas locations
- Leveling conditions
- Cabinetry & panel requirements
- Ventilation requirements
- Delivery path & access
- Stairs, elevators & tight clearances
- Floor, cabinet & countertop protection
- Appliance specifications
- Required modifications

The goal: Identify potential problems before installation day, not during it.

A detailed quote is provided following the site review.

3

INSTALLATION DAY

Professional, on-time installation with careful protection of the home.

We handle:

- Precision leveling & alignment
- Utility connections
- Panel installation & alignment
- Appliance setup
- Function testing
- Final cleaning
- Installation documentation
- Trash haul away

Every installation is finished with the Coastal Luxe standard — clean, precise and showroom ready.

PRICE LIST

Exclusive Appliance Installation of Bosch - Gaggenau - Thermador
